Goetzewerke is one of the most important producers of parts for the German [Federal Republic] automotive industry.

25X1X<sup>2</sup>. During World War II Goetzewerke made parts used in German tanks. [redacted] of these parts, a lightweight flanged wheel used in the braking mechanism, is now being made in Germany [Soviet Zone] for use in Soviet tanks.

-end-

[Available on loan from CIA Library is a pamphlet, "Der Bremswerkstoff ABILIT" describing this part.]
